Your friends are our friends!

Tell your business friends to get in touch with us about available office space this August and September, and we'll welcome them for a day of co-working in the Club.

Do you know another business that is looking for new office space? We are inviting businesses to book a tour one morning this August and September, and then make use of our Club space for the rest of the day - on us!

"This is an incredibly exciting time to join the Electric Works community and we're keen to invite people in to view the available office space and try out some of our extra benefits," says Amie House, Assistant Manager at Electric Works. "Our office occupiers don't just benefit from our fantastic facilities and flexible spaces, but also from being part of a supportive ecosystem and that is something really special that we want to showcase. We regularly host events, workshops and training from our conference space, and the wider Club is used by our co-working members and office teams who appreciate that extra break-out space. This all adds to the atmosphere of the building, boosting opportunities to network, connect and collaborate. Now is the ideal moment to explore what Electric Works has to offer and we hope to welcome our occupier's friends through the doors to try out our space this summer."

Your friends can book their tour with us by emailing: info@electric-works.net
